

# Wave Goodbye

Steadman

Life is one big stage  
And it's all the rage  
To go walkin' out  
To take a bow

(chorus)

See me roam  
See me climb  
If I leave right now  
I can make good time  
See my fall  
See me rise  
Grab me one last look  
Then I'll wave goodbye  
Goodbye...

Latches on my face  
When I need my space  
I've been feeling blue  
Well how 'bout you?

Now this bird has flown  
Like I've always known it would  
Maybe someday soon  
You'll be flying too

oooohhhhhh....

(chorus)

I try to try to hold on  
But it's too late  
It's too late I'm gone...

Lots of stages, all the rage, the curtains raise I'm coming now  
Lost on stage, the curtains raise I'm coming now  
Lost on stage, the curtains raise I'm coming now

(chorus)

I try to try to hold on  
But it's too late  
It's too late...  
I try to try to hold on  
But it's too late  
It's too late....

It's too late I'm gone.
