

A Way into Your Heart

Steam Powered Giraffe

There was so much to discover
Before your very eyes
Oh our cold hard exteriors- well they did shine
And then when you went through a change of heart
Oh your smile well it did beam
When you saw that giant giraffe powered by steam
Your gaze was cold when you first looked our way
We made you smile with the songs we sang

We found a way into your heart
We found a way into your heart
We found a way-ay-ay, into your heart

Lately your love of life has been fading
(and we can't see you that way)
We'll try to get you back up on your feet
(just tap your toes to the beat)

It'll be alright, it'll be alright
You're not in this alone
Just keep on trying, keep on trying
You can take my hand in your own
We'll be there for you
When you cry or smile
I guess we found a way to your heart, oh yeah
Oh we found a way to your heart, whoa-oh
Yeah we found a way to your
Heart
There was a rift between you and me
But happiness was a choice, you see

We found a way into your heart
We found a way into your heart
We found a way-ay-ay, into your heart
Disappearin' ain't the way to make things right, don't be terrified
Hot molten metal will make a day out of this night, it's a burning sight
It's never as simple as it seems
And they will never know

Rabbit:
I found a way into your heart

Hatchworth:
I found a way into your heart

All:
I found a way into your
A way into your
A way into your heart
