

Mecto Amore

Steam Powered Giraffe

If you found your maker's bag of bones
and learned the secrets of your smart phones,
would you cast them out and immolate,
or devour your laptop and assimilate?

Umbilical extension cords in the offspring birth
trumpets the progress omen of our future mirth
The chimera machinations create tech manticores,
ushering in a new age of the Mecto Amore

Mecto Amore, Mecto Amore
Mecto Amore, Mecto Amore

Well guess who's back in town techno-tinkers
It's a me, the next new thing
Well they sent us away for upgrades
And we return with a fresh coat of paint

The wicked wrench was protocol
For misbehaving par-ti-cals
They flushed the spiders and bats out
So I should run just fih-hi-hine

S: Gears are t-t-t-t-turn

I can feel it when you say you love me
Ooo, you give me Mecto Amore
And the circuitry between you and me,
it starts with the Mecto Amore

Woah!

Mech-Mech-Mech-Mecto Amore Amore Mecto Amore, Amore

Mech-Mech-Mech-Mecto Amore Amore
Mecto Amore, Amore

R: People just keep throwing manuals
They say our thoughts are all mechanical
But could it be what they perceive
are not flaws in our wiring?

All: It took a spurious coagulant
To know that virtual dreams aren't relevant
It's like baking an illogical pie
The time has come to forti-fih-hi-hi

R: Mecto Amore(what is this feeling)
Mecto Amore (Please explain what it is)
This projection of alienation obsession
Conviction, confession?
Now that is the question

R: I can feel it
when you say you love me
Ooo, you give me Mecto Amore
And the chrysalis of a symbiotic change
starts the Mecto Amore

Woah!
