

Steamboat Shenanigans

Steam Powered Giraffe

Goin' up the river,
takin' all mah friends
We're all headin' to th' place
where the music never ends

Folks would you like a milkshake?
Chocolate or vanilla?
We've got anything you'd want
and a fountain of sarsaparilla

Welcome board the S. S. Biscuiteer
Feel free to chime in with music
that you hear

'Cause this here steamboat runs off a
catchy tune
so if everybody sings along
we might make it to the moon

Music so hot and loud
burns through the deck
riles up the crowd

Check your watches at the door
Bring your smiles for what's in store

The dancing is free

Steamboat Shenanigans
Steamboat Shenanigans

The smoke stacks up high
are billowing clouds to the sky
While we all partake in those
Steamboat Shenanigans
Nanigans, nanigans,
Nanigans, nanigans

Oh, Steamboat Shenanigans
One, two, three

Steamboat Shenanigans
Take a trip with me

The river below stretches
on for miles

and this here's one steamboat trip that'll
make you smile

Steamboat Shenanigans
Steamboat Shenanigans

The band that you hear
was built from metal and gears

and we all partake in those

Steamboat Shenanigans

It's raining down on us
The skies are grey but we don't fuss
The cold is bringing them down
but if we start a song and all sing along
we might break the sun through the rain
Come on and celebrate

Music so hot and loud
burns through the deck riles up the crowd

Check your watches at the door
Bring your smiles for what's in store

The dancing is free

The music was
Burning, burning
La Da Dada Da Da

Burning, burning
La Da Dada Da Da

Burning, burning
La Da Dada Da Da

Burning, burning
La Da Dada Da Da
