

Wired Wrong

Steam Powered Giraffe

My brain is wired all wrong
And they'll agree because it's easier to say I am gone
It's time to face the truth in a song
I've always told myself that it was never true
was never true
was never ever ever true
it can't be true
it can't be true
it must not be true

Someday I might tire
Having walked through these fires
because I am wired wrong

Maybe someday I'll be
In a place where I can see
that I'm not wired wrong

My brain is all wired wrong
but that's how it's been all along

My brain is all wired wrong
but that's how it's been all along

Sometimes I think that I am the only one
Who's been built poor in the way that he runs
But how can that be? Am I really that flawed?
I am not the only one
and it'll never be true
will never be true
never ever ever be true
it can't be true
it can't be true
it must not be true

Someday we might tire
Having walked through these fires
because we are wired wrong

Maybe someday we'll be
In a place where we can see
that we're not wired wrong

Our brains are all wired wrong
but that's how they've been all along

Our brains are all wired wrong
but that's how they've been all along

We are wired wrong La la. La la la la Our brains are all wired wrong
but that's how we've been all along
Wired wrong...
