

One Way to Heaven, One Way to Hell

Steel Attack

There is only one way to heaven
There is only one way to hell

In between there's nothing at all
Into the emptiness you fall
If you don't choose
Choose the right way
If not then you forever stay

You can always see the light, tonight
If the path you choose is right

The higher we're living, the higher we die
You can't forever be alive

You can always see the light, tonight...
There is only one way to heaven...
There is only one way to heaven...

There is only one way down
And off you'll ever ever go
Now it's time to make you're own choice
Listen to your inner voice

You can always see the light, tonight...
There is only one way to heaven...
There is only one way to heaven...

Treat your enemies like a friend
You will see that it will pay up in the end
Let the difference between wrong and right
And you will sly with iron wings
To heaven's delight

There is only one way to heaven...
There is only one way to heaven...
