

Out Of The Flames

Steel Attack

I am the one to follow
Satisfy my every need
Or meet the fear, meet the sorrow
I am god, I am good indeed
You're to obey my every wish
And all I ask from thee
Or meet the crimson fire flames
In eternal purgatory

Eternal pain

All you do, you do for me
To praise my goodness so divine
Never seen but I am real
To my vision your eyes are blind
You shall deny me nothing
No matter what I ask for
From my wrath there's no escaping
For any mortal soul

I am god, I am good
Please my will or suffer
I am god, I am good
You shall not have no other
God, just me it's my game
Please my will to keep your soul out of the flames

Do as I say or there is no way
Your soul will be spared
Be devoted to me
Be faithful and pray
I'll save you from despair
At the end of it all
I'll let the heathen bleed
I am the one to follow
Satisfy my every need
Eternal pain
