

# Gangbang at the Old Folks Home

Steel Panther

Oh yeah  
Uh, sexy  
Oh yeah  
Ah haha!

Delivering pizza on a Saturday night  
I was cranking Van Halen and looking tight  
Ten extra sausage went to Shady Oak Drive  
I'm lucky that I left there alive  
It's a gangbang

The place was packed with wrinkly boobies and dicks  
The youngest one there was maybe 76  
The head granny grunted and she pulled out a gun  
She said we'll pay you for the pizza when we're done  
It's a gangbang

Gangbang at the old folks home  
One foot in the grave  
Two lips on my bone  
Gangbang at the old folks home

The smell of Bengay was kind of making me sick  
Till someone spit out some dentures and started gumming my dick  
These golden girls had really been round the block  
I got a rim job from one while she was knitting some socks

Gangbang at the old folks home  
Senile sex slaves are making me groan  
Gangbang at the old folks home

I took her doggy and I gave her a spank  
That's when I think I dislodged her oxygen tank  
She fell to the floor and three seconds later  
I was running for the defibrillator

Three silver foxes started licking my ass so  
I twisted my nuts to keep from cumming to fast  
I had my fist in a butthole til somebody  
said that ain't no way to show respect for the dead

Gangbang at the old folks home  
I rode a sex train with geriatric nymphos  
Gangbang at the old folks home  
Old folks home, yeah
