

Goin' in the Backdoor

Steel Panther

Frontdoor's locked, locked up tight
Try to get in with all my might

Goin' in the Backdoor
Getting in no matter what
Goin' in the Backdoor
A little bit muddy but it sure ain't shut

Shops closed up for service today
But I'm coming in no matter what they say

Goin' in the Backdoor
Gonna be a tight squeeze
Gonna bring that witchy woman to her knees, yeah (oh baby to yo
ur knees, uh)

Sometimes, the backdoor is the only way in
Sometimes, the backdoor is the only way in
But you have to get in for the love to begin

Backdoors never got a welcome mat
But that never stops me 'cause I'm a gutter-rat

Goin' in the backdoor
Gonna make a lot of noise
When I leave the door open for the rest of the boys (the rest o
f my boys)
Hey Satchel! Stix! Lexxi!
Go get a piece of this man!
Hehey! ooooh! Ah I love it man

Hey baby, do you mind if I dip my nuts in your chocolate? (haha
!)
