

# Pussywhipped

Steel Panther

Hey! You said the boys were gonna hang tonight  
The guys are here but you ain't anywhere in sight

Your excuses are getting pretty lame  
The malady you suffer has a name

Pussywhipped  
Your balls don't have a chance  
Pussywhipped  
Your girlfriend wears the pants  
Pussywhipped

Your new bitch has got you on the shortest rope  
Yeah yeah yeah  
Now your dick gets sucked about as much as the Pope's  
Holy hell

Yeah she's pretty, but no one is that fine  
What you need to do is grow a spine

Pussywhipped  
Your girl locked up your nuts  
Pussywhipped  
And now you can't bang the sluts  
Pussywhipped

I was in a situation like the one you've got  
Jumping through those hoops each day because the chick was hot  
Well I was pussywhipped like you but now my dick is wise  
You need to tell your dick to open up its fucking eyes  
Open up your eyes

We're all getting so tired of this game  
The sickness you've contracted has a name

Pussywhipped  
Your balls don't have a chance  
Pussywhipped  
Your girlfriend wears the pants  
Pussywhipped  
You're calling it "romance"  
Pussywhipped  
Your whore's got you in a trance  
Pussywhipped, whipped, whipped, whipped, whipped

You're whipped!
