Pussywhipped

Steel Panther

Hey! You said the boys were gonna hang tonight The guys are here but you ain't anywhere in sight

Your excuses are getting pretty lame The malady you suffer has a name

Pussywhipped Your balls don't have a chance Pussywhipped Your girlfriend wears the pants Pussywhipped

Your new bitch has got you on the shortest rope Yeah yeah yeah Now your dick gets sucked about as much as the Pope's Holy hell

Yeah she's pretty, but no one is that fine What you need to do is grow a spine

Pussywhipped Your girl locked up your nuts Pussywhipped And now you can't bang the sluts Pussywhipped

I was in a situation like the one you've got
Jumping through those hoops each day because the chick was hot
Well I was pussywhipped like you but now my dick is wise
You need to tell your dick to open up its fucking eyes
Open up your eyes

We're all getting so tired of this game The sickness you've contracted has a name

Pussywhipped
Your balls don't have a chance
Pussywhipped
Your girlfriend wears the pants
Pussywhipped
You're calling it "romance"
Pussywhipped
Your whore's got you in a trance
Pussywhipped, whipped, whipped, whipped

You're whipped!
