

# Why Can't You Trust Me

Steel Panther

I want you to know one thing  
You ain't getting an engagement ring, yeah  
So if you want to keep being with me  
Oh, you've got to give me just a little, little more space  
Stop chasing me around all over the place  
And checking all the comments on damn Myspace  
And acting like a fricking nut

Why can't you trust me baby?  
Why can't you trust me baby?  
So I did a little blow, get off my back  
It's not like I'm smoking crack  
Why can't you trust me baby?

I want to tell you just one thing more  
Don't treat me like a dirty man whore, yeah  
'Cause I can walk right out your Mum's front door  
Oh, you better treat me with a little, a little respect  
Before I go Chris Brown and punch you in the neck  
Keep your insecurities at fucking check  
Before I fuck all your ugly friends, yeah

Why can't you trust me baby?  
Why can't you trust me baby?  
I must have caught something from the toilet seat  
You know that I would never cheat  
Why can't you trust me baby?  
Why can't you trust me baby?  
If you think I'll mess around then get a grip  
Or you're gonna get a big fat lip

I tell you everything I do  
Is always gonna be for you  
But you never hear a word  
You treat me like a fricking turd  
Just like a big, juicy turd, yeah, yeah

You better open up your eyes and shut your trap  
I ain't putting up with anymore of your crap  
Stop threatening the bitches on my Facebook page  
Or I'm gonna rip your head off in a cocaine rage  
Why you gotta check my prison history?  
Baby, why can't we just let it be a mystery?  
Besides, everybody knows it was you  
That blew Justin Bieber at the petting zoo

Why can't you trust me baby?  
Why can't you trust me baby?  
I wrote a little song so you understand  
I don't cheat like the rest of the band  
Why can't you trust me baby?  
Why can't you trust me baby?  
Our love is fragile like a piece of glass  
Don't make me drop your big, fat ass
