

Uptight everything is all right  
Outta sight, it's all right  
There's light at the end of the tunnel  
Pay at the end of the day  
Thanks that me don't have to grumble  
Goodness is coming our way

It's all right, it's all right  
It's all right, it's all right  
It's all right, it's all right

It's all right, it's all right  
It's all right, it's all right  
It's all right, it's all right

I do remember, I do recall  
The magic moments when we stood so tall  
A nation to be respected  
A nation full of pride  
So shake the bluesy feeling  
That is hurting you inside  
Hurting you inside

There's better days ahead for us  
You need not fret nor worry  
Oh yes, this time around my friend  
I'm sure you won't be sorry

They say how the future  
Is guided by your past  
Through trials and tribulation  
Yes, we were meant to last  
So hold on to your hope and dreams  
For all that it's worth  
'Cause I know the day will come  
When the meek shall inherit the world  
Yeah, yeah, yeah, yeah, yeah

If you uptight, everything's all right  
Outta sight, it's all right  
If you uptight, everything's all right  
Outta sight, it's all right

It's all right, it's all right  
It's all right, it's all right  
It's all right, it's all right

It's all right, it's all right  
It's all right, it's all right  
It's all right, it's all right

They'll be better days don't you worry  
A positive way you won't be sorry

It's all right, it's all right..
