Say It Loud I'm Black And I'm Proud  
Say It Loud And I'm Black And I'm Proud Yeah

I'm saying it lou-wow-wowed  
I'm black and I'm pro-wou-wowed

It's no more to me  
A hidden mystery  
Of stolen legacy  
Of my history  
Cause I know my culture  
Of my ancestors  
So brothers and sisters  
No time fe jester

Yes I've found my true identity  
The teachings of Imperial Majesty  
Up ye mighty race philosophy  
No more complex inferiority

Oh in the days of old  
When things were in control  
The greatest empire  
That was made of gold  
Inventors of science  
Hearts of lion  
Fighting the dragon  
Forward mount zion

I and I a true born African  
Leaders of our civilisation  
This ya spiritual manifestations  
Guided by the mighty fathers hand
