

## Leggo Beast

Steel Pulse

Leggo beast lips of flattery eyes of lust  
Leggo beast she says carnal love is a must  
Leggo beast feet abide not a home  
Leggo beast loves to play while her husband gone

I know a lady lady of easy virtue  
I know a lady lady of easy virtue  
Uptown living living is all she knew  
And at her door step door step  
Traps she would lay for you  
To lead men lead men astray  
Like a vulture vulture  
Lurks it's prey yeh yeh I say

A rose in her hair  
The pretty clothes she wears  
At the passers by she winks her eye  
Fools take up the offer  
They say stolen waters is sweet  
She has no consideration no  
That's why she lies and cheat

Leggo beast

In the twilight of the evening  
The moon shines bright  
Bread is pleasant when eaten in secret  
Bosom of fire must resist it  
This woman is flirting this woman deceiving  
This woman misleading this woman is cheating
