

# Reaching Out To You

Steel Pulse

There is no doubt  
I checked it out  
You are the key  
That set me free  
I send these words  
They will be heard  
I wish that you were  
Here with me  
So many miles apart  
Still I can feel  
Your beating heart  
I guess things  
Must be the way  
They must be  
I wish that you  
Were here with me  
I'm reaching out

Reaching reaching  
Out to you  
I never met no one like you  
That makes me feel the way I do  
I am reaching out to you  
For your love  
For your love

There is no way (no way)  
That I can stay (can stay)  
So far from you  
That's hard  
I need you here  
And it don't seem fair  
Although this time  
Has made our love  
A little stronger  
So many months between us  
I know this feeling won't leave us  
Some say absence  
Makes the heart grow fonder  
Oh but I can't  
Take it any longer  
NO NO

I'm missing your love  
It means so much to me  
Your love is my safety

Reaching reaching  
Out to you  
I never met no one like you  
That makes me feel the way I do  
I am reaching out to you  
For your love  
For your love

I'm missing your love  
It means so much to me

I need you here  
Right here, right here  
With me  
I'm reaching out
