

Victims

Steel Pulse

Victims Of The System
While you a bubble
Pon dis ya riddim
I would like you to check yourself within
Open your mind and your heart
Limb by limb and part by part
Cause what you see
Is an angry man
Robbed of culture and his land
Left to toil the wilderness
Exploited by imperialists cause we are

Victims of the system
And we're fighting back
Imperialism
You're under attack
Oh oh oh
And we're fighting back
Oh oh
You're under attack

While you a bubble
Pon dis ya riddim
I would like you to check yourself within
Free up yourself from the claws
Of their rules and phoney laws
Cause we have found identity
To bring about our unity
Chains released from our minds
Colonialism left behind cause we are

Victims of the system
And we're fighting back
Imperialism
You're under attack
Oh oh oh
And we're fighting back
Oh oh
You're under attack

Pon de riddim bubbling
Storm of change is blowing
Yes we are demanding

We fighting back
We fighting back
We fighting back
Yes we fighting
And demanding
