

When I look at my strange behavior
Well I think I understand
Why those broken bones
Led me to an evil ghost
I followed it to any hole,
It said, "Look at me,
I'm nothing but a shadow
What you thought was fear -
Well it was hollow,
Look at you,
You've been chasing shadows."
And then I woke up,
WAKE UP!
Woke up in you...

I still don't get all my strange behavior
Can't believe what I thought
Would save me
Pretty girl
I followed her around the world
And when I caught her she said to me
"Look at love,
It's nothing but a shadow
Where you saw a heart -
That was hollow
Look at you,
You've been chasing shadows."
And then I woke up.
WAKE UP!
Wake up in you...

Wake up / woke up / woke up in you
