

# I Shall Be Released

Steel Train

They say everything can be replaced  
They say every distance is not near  
And so I remember every face  
Of every man who put me here

I see my light come shining  
From the west unto the east  
Any day now, any day now  
I shall be released

They say every man needs protection  
And they say that every man must fall  
And yet, I swear I can see my reflection  
Somewhere so high above this wall

I see my light come shining  
From the west unto the east  
Any day now, any day now  
I shall be released

Standing next to me in this lonely crowd  
Man who swears he's not to blame  
All day long I hear him crying so loud  
Just crying out that he's been framed

I see my light come shining  
From the west unto the east  
Any day now, any day now  
I shall be released
