

# The Speedway Motor Racers Club

Steel Train

I fear the weight of the world  
But not the shot of a gun  
Cooked up a plan to move on  
Cooked up a reason to run  
I know I'm alright  
And I think that I can understand why

I fire one at the girl  
And then another at me  
Shot again at the blame  
Of everything I believe  
Come on  
I'm alright  
And I think that I can learn to fight

You wanted big lights, fire and ice  
So now you feel a weight  
That's bigger than sound  
Who are you now?  
Who are you now?

I understand why you've changed  
See I can't stop it in me  
I feel no need to grow up  
I have no need to believe  
I know I'm alright  
And I think that I can understand why

I'm holy into a ghost  
Come on, it's a phase  
And I think that I can learn to erase

You wanted big lights, fire and ice  
So now you feel a weight  
That's bigger than sound  
Who are you now?  
Who are you now?  
Who are you now?  
Who are you now?
