

# I Breathe

Steelheart

Hold me angels let me rest my eyes  
I am on my way home  
hear me crying it's my heart that bleeds  
Show me how to come alive

Feel me  
can you feel me?  
the way I feel you

So much anger so much anger  
tearing down the man inside  
but I keep going and goin' and goin' and gone  
I want to live this dream before I die  
If I would only give me time and let me try  
I know that I,  
I would fly

I breath the same air as you all do  
I am, I am, I am  
I feel the same pain as your all do  
I hear you all, hear

hold me angels let me rest my eyes  
I am on my way home

hear me crying is my heart that bleeds

Show me how to come alive  
let me go, go, go free

feel me, can your feel me?  
feel me, can your feel me?  
the way I feel you

I breath the same air as you all do  
I am, I am, I am  
I feel the same pain as your all do
