

The Ahh Song

Steelheart

Sewn in the threads of life
A man I used to know
A man of peace and dignified
Where do all the good go?

Ahh, ahh, ahh, ahh

Oh save me now from wolves of concrete
And poisoned souls
Help me find my way
Oh cleanse my sins
And give me strength to defy
My eyes - Absolution I pray

Ahh, ahh, ahh, ahh

It feels so strange
Buried here in a blackened way
The mask I found has sealed my eyes
I feel so alone I feel alone
Ashamed and blind

Ahh, ahh, ahh, ahh
