

## With a Gun

Steely Dan

1. I could be wrong but I have seen your face before  
You were the man that I saw running from the store  
You ordered money but you gave him something more

R: With a gun  
with a gun  
You will be what you are just the same  
Did you pay the other man with the keys in the hand  
Or leave him lying in the rain

2. You were the founders of the clinic on the hill  
Until they caught you with your fingers in the till  
They said farewell so you settled up your bill

R:

When you're born to play the fool  
And you've seen all the western movies

You'll hide in the bushes  
With Luther and Van

3. I understand that you will soon be leaving town  
Don't try to call me when they finally track you down  
Just give fair warning any time you come around

With a gun  
with a gun  
You will be what you are just the same  
Did you pay the other man with the keys in the hand  
Or leave him lying in the rain
