Ain't No Way

Stefanie Heinzmann

To all my girls around the world
We betta figure it out right now
Betta get up the nerve and put yourself first
Stop caring 'bout everyone but you

Say he don't treat you like he used to
Say he don't even fight for the right to love you
He don't even understand you
Tell you what to do

Say ain't no way
You should be hangin' round
You betta work it out
Say ain't no way
He should be letting you down
You betta work it out
It's time to say no--oo--oo--oo--oo--oo
Gotta learn to say no--oo--oo--oo--oo--oo
Say ain't no way
He should be letting you down
You betta work it out, out, out

To all my girls around the world
Without us nothing is goin' down no, no
Time for us to learn that what we deserve
Is out there for the taking

Betta work it out ya
Betta work it out ya
Say ain't no way
Betta work it out ya
Betta work it out ya
Say ain't no way
Betta work it out ya
Betta work it out ya
Say ain't no way
All you gotta do
