

Bag It Up

Stefanie Heinzmann

He's got the swagger of a champion
He's got the style like a dapper don
All the chicks want to be on his arm
And his player ways know to turn me on
Other guys have tried to play that shit
I had to tell them sorry that's not it
Baggy jeans, still they fit him right
Got me thinking that maybe tonight's the night
I don't know what it is for sure but there's something
about you boy

What I want you got it, like the way you work it
Don't cha know I'm ready
I gotta bag it up, I gotta bag it up
What I want you got it, it's the way you work it
Take it to the limit
I gotta bag it up, I gotta bag it up
I don't know what it is for sure, but there's something
about you boy

He keeps me on cloud nine and he never stops
Never in a rush when he hits the spot
He always plays it like a gentleman
On my scale I know he's a perfect 10

What I want you got it, like the way you work it
Don't cha know I'm ready
I gotta bag it up, I gotta bag it up
What I want you got it, it's the way you work it
Take it to the limit
I gotta bag it up, I gotta bag it up
I don't know what it is for sure, but there's something
about you boy

Ain't no other man who can do me like - you do
Ain't no other man that I wanna get - next to
Ain't no other man who be bringing the woodoo
The sexy that - you do, and that's why I - love you
Ain't no other man who be making me crazy
Ain't no other man I be calling my baby
Ain't no other man, cause them players are shady
And I am a lady - you gotta get with me

What I want you got it, like the way you work it
Don't cha know I'm ready
I gotta bag it up, I gotta bag it up
What I want you got it, it's the way you work it
Take it to the limit
I gotta bag it up, I gotta bag it up
I don't know what it is for sure, but there's something
about you boy
