

Stain on My Heart

Stefanie Heinzmann

Keep telling myself that somehow I can
Wash away every trace of you
That all by myself I can last
But I'm never from missing you

Much stronger in my mind
Than I am inside
And some things don't get easier with time

That's when I know you,
You left a stain here on my heart
I don't know why I try so hard
Know I can't wash away this feeling
'Cause I don't get far
This stain on my heart
This stain on my heart

Guess you don't have to ask
'Cause I got it bad
And no matter what I try and do
It's like I'm trapped by the memory of me and you
And me and you

Much stronger in my mind
Than I am inside
And some things don't get easier with time

Some stains wash away
But some stains don't go away
Some stains wash away
But some just won't go away
Some stains wash away
But some stains don't go away
Go away
Color my heart the shade of you
How can I wash away you what is in me
Nothing to prove
'Cause when I think of you
That's when I know...
