

## Always Waiting

Stellar Kart

Hating yesterday always on the go  
Looking past today you can't enjoy  
The show never satisfied til you've  
Reached the end but even then  
You'd like the chance to start  
Again you'll never find what you are looking for

Always waiting for tomorrow  
Always waiting for  
The new to come around  
Still waiting for the grass that's greener  
Always waiting for anything but now

Looks like the skies are clear  
You hope that it would rain  
But when the clouds appear you want  
The sun again if you had everything  
Or nothing in your hands  
You'll never be content in any  
Circumstance here's why  
You never find peace of mind on  
Your own  
You can't be content when you live  
In tomorrow  
He is the one you should  
Be looking for
