

Angels In Chorus

Stellar Kart

I've lived in silence
Held on to you like
You were my
Private piece of truth
But everything's changing
'cause I can't contain
When there's a whole world
Waiting to hear your name

Angels in chorus
Join in my song
You are my glorius,
You are my God

Grace is contagious
When it gets out
Tears fall as my voice changes
Into a crowd
Together now hallelujah, hallelujah
