

Criminals and Kings

Stellar Kart

We are who we are
Falling and shooting stars
We pray to god above
And pray on the ones we love
Held to a higher call
We are the rise and fall

R: We are the criminals
We are the criminals and kings
Guilty and innocent
Been found but still we're wandering
We are the criminals
We are the criminals and kings

This light can shine so bright
Then fade into the night
So close to heaven's throne
Nailed to the streets below
I can't escape the safe
Time is not mine to waste
Held to a higher call
I am the rise and fall

R:

Brought bsck from the deep
You are my only freedom
From the bottom of my lungs
Until forever ends
I swear I'll never cave in
This is who I am
