

Time's Not Waiting

Stellar Kart

Are you tired of all
The stiff and clouded air
Are you bored with that screen
That stole your stare
Sick of sitting still
When you still have the will to move
Are you tired of saying
Things are gonna change
Having legs but living like you're lame
Your oversaturated soul's
Gonna sink when it could float dear

But time's not waiting on us
If you've sewn shut your eyes
Rip the seams before you die
There's too much to see
To live life behind the scenes

Are you tired of watching
Your life pass you by
Well, I'm begging you
At least give life a try
Take a chance and make a move
You've got nothing left to lose
But fear
So don't live another day
With nothing on your plate
Alone and cold
There is truth and there is life
And if you search them out
You will find them soon
