

## Stay Entertained

stellastarr\*

In your life, did you ever really feel alive?  
It's no surprise, it's not in your veins  
'Cause you won't never change, you will never compromise  
Friend of mine, yesterday has died

And through it all, did you ever really take the fall?  
Probably not, you never gave it a thought  
You never got involved, trying to be neutral  
Friend of mine, yesterday has died..

Stay entertained, stay entertained  
Stay entertained, stay entertained  
Stay entertained

And who am I? Who am I to judge your lonely life?  
I don't mind, 'cause it ain't in your game  
'Cause you won't ever play, watching from the sidelines  
Friend of mine, yesterday has died

Stay entertained, stay entertained  
Stay entertained, stay entertained  
Stay entertained

Stay entertained, stay entertained  
Stay entertained, stay entertained  
Stay entertained
