Written by James Cleveland
Personal Inspirations

I had a talk with God last night
I cried Oh Lord please make things alright
He said He'd all my battles fight

I had a talk with God

Please call Him to guide me right
Let me find peace and a better life
He said He'll make everything alright

I had a heart to heart talk with God last night

I cried Oh Lord my way is dark
I need Your light down in my heart
He said I'm God all by myself
If you trust me you don't need no one else
I said Thank God for now I'm free

Thank you for giving me victory whenever I need Him
He's so good to me

I had a heart to heart talk with God last night
