

## Jingle Baby

Stephanie Mills

Oh oh yeah yeah  
Christmas is coming that time is here  
Have you mailed out your Christmas letter  
Whatever you're wishing for whatever you need  
I've got something here to make it better  
I've got two strong arms to hold you tight  
Lips to warm your cold cold night  
Rockin' you around to the morning light with a heart  
full of Christmas cheer  
And I'll be your jingle baby  
Baby if you'll be my jingle boy  
Look for me underneath your tree and I'll be your  
favorite toy  
Don't need to wind me up or shake me got no batteries  
up my sleeve  
One sweet kiss and I'll go like this right on to New  
Year's Eve  
Turn up the music come and sit by the fire  
We can make this moment last forever  
Yeah  
Don't need no instruction book to tell us what to do  
We know how to put this love together

And I'll be your jingle baby  
Baby if you'll be my jingle boy  
Look for me underneath your tree and I'll be your  
favorite toy  
Don't need to wind me up or shake me got no batteries  
up my sleeve  
One sweet kiss and I'll go like this right on to New  
Year's Eve
