

# Secret Lady

Stephanie Mills

Feeling your presence and knowing you're there  
I'm looking across the room, seeing your eyes meet mine  
A chill runs up my spine, it's wonderful, yes, it is  
Hoping you'll soon be mine

The stare I can't control  
When you smile, your face all aglow  
The way I feel for you is heavenly  
Let your feelings show, you warm my soul

I just can't go on being your secret lady  
Mystery baby, you're the one I want  
I just can't go on being your secret lady  
Mystery baby, you're the one I need

I wanted to be with you  
Don't you know that no one else will do  
But how can we ignore our needs  
So I'll open up, I'll open my door if you run to me

I just can't go on being your secret lady  
Mystery baby, you're the one I want  
I just can't go on being your secret lady  
Mystery baby, you're the one I need

A chill runs up my spine  
And it drives me wild  
Don't tell nobody  
Don't want nobody to know

I just can't go on being your secret lady  
Mystery baby, you're the one I want  
I just can't go on being your secret lady  
Mystery baby, you're the one I need

What you mean to me  
I adore you so  
You mean the world to me  
Can't ever let you go

I just can't go on being your secret lady  
Mystery baby, you're the one I want  
I just can't go on being your secret lady  
Mystery baby, you're the one I need

I just can't go on being your secret lady  
Mystery baby, you're the one I want  
I just can't go on being your secret lady  
Mystery baby, you're the one I need

I just can't go on being your secret lady  
Mystery baby, you're the one I want  
I just can't go on being your secret lady  
Mystery baby, you're the one I need
