

## Rescue You

Stephen Bishop

She drives her Jag  
To her Daddy's estate  
She's all cried out  
But her hair looks great  
She lost her fiancé'  
He caught her with his best man  
In the act of lust  
Daddy, make it go away..  
But he says, "No No...my Baby Blue  
No one's gonna save you  
No one's gonna save you"  
He says, "No..no  
You know it's true"  
Everytime you fall  
You need someone to  
Rescue you..  
Rescue you..  
Her crime of passion  
From a life of neglect  
And Daddy's money  
Couldn't buy self-respect  
Her little Black book  
With every stupid guy  
She screwed in Hampton Town  
Now Daddy's got that deer in headlights look..  
and he says No No..My baby blue  
You know you will regret it  
Might as well forget it  
He says c'mon c'mon.. you know it's true  
Everytime you fall  
You want someone to  
Rescue you  
Rescue you...  
They find her in the park  
Naked....shouting  
"Only Love can..Rescue you"  
Rescue you..
