

## If Only You Were Here

Stephen Gately

If only you were here  
Today  
Forever  
And if only you were mine  
I would say  
It's forever  
I've read through the lines  
Oh yeah  
I've read through the lines  
So is that how the story goes  
Is the book now closed?  
Said you'd always be around  
Oh yeah

And I can't deny, yeah  
I can't deny  
The way you left me on my own  
I thought our love had grown  
And we'd never be apart

If only you were here  
Today  
Forever  
And if only you were mine  
I would say  
It's forever  
Cos I cannot help myself  
Oh no no  
From falling in love

I used to know why  
I used to know why our love was  
Endless time gone by  
Like angels in the sky  
Never thought I'd be so wrong  
Oh yeah

And I can't decide  
Yeah  
And I can't decide whether  
Our love was in despair  
Instead of playing fair  
And I'll miss you since you've gone
