

# Together With The Sundown

Stephen Jerzak

I don't even know  
I've never felt this way before  
No, it's someone like you  
That makes sense

And I don't wanna go  
I'll stay with you forever  
As long as you love me, too  
Just as long as you love me, too

It's the way that you talk  
And the way that you smile  
And the way that you love in black and white  
Baby, it's the way you hold my hand in the car  
And the way that we lie in the sand

It's not hard to see  
That a single day without you  
Can make me go crazy

It takes my breath away  
It gets me butterflies  
When you hold me in your sleep  
When you hold me in your sleep  
I never want to leave

It's the way that you talk  
And the way that you smile  
And the way that you love in black and white  
Baby, it's the way you hold my hand in the car  
And the way that we lie in the sand  
And we watch the sun go down

Whoa, oh oh

It's the way that you talk  
And the way that you smile  
And the way that you love in black white  
Baby, it's the way you hold my hand in the car  
And the way that we lie in the sand  
And we watch the sun go down

"Hey, baby, it's me, and I was just calling to say how much I miss you and I can't stop thinking about you. Every morning when I wake up, you're the first thing that comes to my mind, and I'll give anything to have you by my side. Just remember that I love you and nothing can stand in the way of that. Call me back when you get a chance. Bye."
