Not Home

Stephen Lynch

You say that's you're leaving but just for a day The company wants you to fly to LA So you leave me alone and I sit and I say What will I do today Today while you're away

I will... Sniff all your underwear Dress in your clothes Pleasure myself inside your pantyhose

I know it's not easy To leave me alone But it's more fun When you're not home

Yeah it's more fun when you're not home
