

# Let It Go

Stephen Simmonds

I give you more than you ask for,  
I go beyond your demands  
I came to change, you can be sure,  
I came to alter the plan

There comes a time when I'm feeling,  
there comes a time when it shows  
that's when I know I'm believing  
when the spirit is one with the soul

I just let go,  
don't you know I just let go,  
that's what I'm talking about,  
who needs control?  
when all we really want to do is:  
let it go

There comes a time when I'm feeling,  
there comes a time when it shows  
that's when I know I'm believing  
when the spirit is one with the soul

I just let go,  
don't you know I just let go,  
that's what I'm talking about,  
who needs control?  
when all we really want to do is:  
let it go

I just let it go, just let it go repeat 4 times  
I'm just letting go  
down in my soul

who needs control when all we really want to do is...  
L E T I T GOOOOO
