

# Where Is My Love

Stephen Simmonds

I've had to many new beginnings  
I've had to many chances come and go  
I'm tired and my head is spinning  
Where is my love?

It's a never ending battle  
Filling every corner of my mind  
I'm dying here oh Father help me  
Tell me what am I to do, I'm lost without you

Broken are the words I pray  
Loneliness my bible  
I don't wanna die unsaved  
Where is my love?

Why is it so complicated?  
I've spent a lifetime trying to find it out  
The reason why we were created:  
Just to be loved, and love

But my heart is suicidal  
or is it I'm addicted to my pain(was it meant to hurt this way?)?  
Meant to be alone and idle  
Like a tide that never turns  
When will it turn?

Broken are the words I pray  
Loneliness my bible  
I don't wanna die unsaved  
Where is my love?

Sleeping in this bed I've made  
I wait for your arrival  
Dreaming of the sweetest day  
Where is my love?

Broken are the words I pray  
Loneliness my bible  
I don't wanna die unsaved  
Where is my love?
