

Passenger Seat

Stephen Speaks

I look at her and have to smile
As we go driving for a while
Her hair blowing in the open window of my car
And as we go the traffic lights
Watch them glimmer in her eyes
In the darkness of the evening

And I've got all that I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

We stop to get something to drink
My mind clouds and I can't think
Scared to death to say i love her
Then a moon peeks from the clouds
Hear my heart that beats so loud
Try to tell her simply

That I've got all the I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

Oh and I've got all the I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

Oh and I know this love grow

Oh I've got all the I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

And I've got all that I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

And I've got all that I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

And I've got all that I need
Right here in the passenger seat
