

# Ain't It Always

Stephen Stills

Ain't it always  
Ain't it always  
Ain't it always  
Ain't it always  
Ain't it always

Ain't it always thrilling  
To find a lover, understands  
Ain't it always  
Ain't it always

Ain't it always chilling  
That you might lose her on the snap  
Ain't it always  
Stay there, arm away

'Cos people change  
Never know what they might rearrange  
Ain't it always  
Ain't it always

Ain't it always trouble  
Love somebody so hard  
It's a trap  
Ain't it always  
Ain't it always

Ain't it always double  
How much it hurts  
She left you flat  
Ain't it always

But the big thing was how she loved you  
Nothing like anything you've ever seen  
Ain't it always  
Ain't it always

Ain't it always  
Ain't it always

Maybe when she's willing, she knows the way  
She'll come back  
Ain't it always  
Ain't it always

Ain't it always killing  
Thinking back she's all of that  
For that girl she's got you trapped  
Four different kinds of heart attack

Ain't it always  
Ain't it always  
Ain't it always  
Ain't it always
