

## All I Know is What You Tell Me

Stephen Stills

All I know is what you tell me  
What you tell me, will it help me?  
Late at night, in the morning  
I'm in mourning in the morning.

At the lonely day, in front of me  
Some lady feels I will never say goodbye  
Don't you pity me but if you never say goodbye  
It would help me.

All day long, my folks are tumbling  
Got me mumbling with the tumbling  
I can't go [?] I search for answers  
No one answers 'cept the dancer.

And she's lonely girl, the same as me.
