

## Lowdown

Stephen Stills

Feel such misery and I don't know why  
Feel so bad I'm surprised I'm not  
Condemned to die

I never thought that heartbreak  
Could bring such pain  
Guess that's what it's like when you  
See different things

And I'm a lowdown  
Get me out of this place  
And I'm lowdown  
Like a hole in space

And I'm lowdown spirit movin' at a dreadful pace  
Slowly dyin', I can see it in my face  
Sadness and anger all that keeps me goin'  
Tired of nothin' but my outsides showin'

And I'm lowdown, dying embers of a fire  
Sputtering tears of a lost desire  
Hangin' on to hope that just might be  
But I feel like I'm hangin' from a dyin' tree

And I'm lowdown and I'm lowdown, lowdown  
Get me out of this place  
And I'm lowdown lowdown  
Like a hole in space  
And I'm lowdown and I'm lowdown
