Lowdown

Stephen Stills

Feel such misery and I don't know why Feel so bad I'm surprised I'm not Condemned to die

I never thought that heartbreak Could bring such pain Guess that's what it's like when you See different things

And I'm a lowdown

Get me out of this place

And I'm lowdown

Like a hole in space

And I'm lowdown spirit movin' at a dreadful pace Slowly dyin', I can see it in my face Sadness and anger all that keeps me goin' Tired of nothin' but my outsides showin'

And I'm lowdown, dying embers of a fire Sputtering tears of a lost desire Hangin' on to hope that just might be But I feel like I'm hangin' from a dyin' tree

And I'm lowdown and I'm lowdown, lowdown
Get me out of this place
And I'm lowdown lowdown
Like a hole in space
And I'm lowdown and I'm lowdown
