

# Don't Step on the Grass, Sam

Steppenwolf

Starin' at the boob tube, turnin' on the big knob  
Tryin' to find some life in the waste land  
Fin'ly found a program, gonna deal with Mary Jane  
Ready for a trip into hate land  
Obnoxious Joe comes on the screen  
Along with his guest self-righteous Sam  
And one more guy who doesn't count  
His hair and clothes are too far out

While pushin' back his glasses Sam is sayin' casually  
"I was elected by the masses"  
And with that in mind he starts to unwind  
A vicious attack on the finest of grasses

Well it's evil, wicked, mean and nasty  
Don't step on the grass, Sam  
And it will ruin our fair country  
Don't be such an ass, Sam  
Well, it will hook your Sue and Johnny  
You're so full of bull, Sam  
All will pay that disagree with me  
Please give up you already lost the fight, alright

Misinformation Sam and Joe  
Are feeding to the nation  
But the one who didn't count counted them out  
By exposing all their false quotations  
Faced by a very awkward situation  
This is all he'd say to save the day

Well it's evil, wicked, mean and nasty  
Don't step on the grass, Sam  
And it will ruin our fair country  
Don't be such an ass, Sam  
Well, it will hook your Sue and Johnny  
You're so full of bull, Sam  
All will pay that disagree with me  
Please give up you already lost the fight alright

You waste my coin Sam, all you can  
To jail my fellow man  
For smoking all the noble weed  
You need much more than him  
You've been telling lies so long  
Some believe they're true  
So they close their eyes to things  
You have no right to do  
Just as soon as you are gone  
Hope will start to climb  
Please don't stay around too long  
You're wasting precious time

Well it's evil, wicked, mean and nasty  
Don't step on the grass, Sam  
And it will ruin our fair country  
Don't be such an ass, Sam  
Well, it will hook your Sue and Johnny

You're so full of bull, Sam  
All will pay that disagree with me  
Please give up you already lost the fight, alright
