

# I'm Going Upstairs

Steppenwolf

I'm goin' upstairs, and bring down all of my clothes  
I'm goin' upstairs, and bring down all of my clothes  
Where I go baby, you will never know

My mother dead and gone, my father don't want me around  
My mother dead and gone, my father don't want me around  
Don't you know baby, I ain't got no place to go

You know, you know, you don't want me no more  
(No you don't)  
You know, you know, baby you don't want me no more  
You can love babe, with your younger stud, baby  
Ho-ho-ho-ho-ho

Got a house on the water, you know I don't need no land  
(Have mercy on me)  
Got a house on the water, you know I don't need no land,  
When I'm dead and gone, bury me in the deep blue sea  
Hmm-mmm, ho-ho-ho-ho-ho
