

# Life Is a Gamble

Steppenwolf

Spin that wheel of fortune  
Playin' that game of fools  
Don't be afraid to take a chance  
You haven't got much to lose

Come on little girl and step right up  
I want to be the first to wish you luck 'cause

Life is a gamble where  
Where you search and you ramble  
And you try for the high that will help to see you through  
Life is a gamble and so if you can handle  
The uncertainty of tomorrow with me, today I'll bet on you

Shoot your shot girl with all you got  
I'm gonna get you to give in  
The stakes are high but darlin' don't be shy  
I'm givin' you a chance to win

I can't make promises they'd just be lies  
It's ridin' on the wheel and a roll of the dice, 'cause

Life is a gamble where  
Where you search and you ramble  
And you try for the high that will help to see you through  
Life is a gamble and so if you can handle  
The uncertainty of tomorrow with me, today I'll bet on you

How will it be tomorrow  
How can I say today  
Like a gamblin' man with a losin' hand  
I'm waitin' for a winnnin' play

Come on little girl and step right up  
I want to be the first to wish you luck 'cause
