

## Lost and Found by Trial and Error

Steppenwolf

So, once again I hurt someone  
Because I found out that she's not the one  
I'm looking for  
So, once again I blame someone  
Because I know that she can't use the love  
I have in store  
And now she's gone  
And I'm glad her story ends  
Still I wish I had been kinder  
We could have parted just like friends  
So, one more time I've played, lost the game  
Another face in the past, without a name  
Back in the night to find a light  
And hoping this time I'll be right

I know you don't know me  
But I need your company  
Don't wanna be alone tonight  
You can trust me girl  
You'll be alright  
Looked at me with big brown eyes  
She said "yes" to my surprise  
And now I call her in the morning  
And I see her every night  
I see her in the evening  
And when I'm with her, I'm alright
