

# Baby Don't Dance

## Steps

It makes my heart go boom bang boom boom  
It makes my heart go boom bang boom boom

Baby I'm in love  
Don't hold me back  
Don't stop me now  
Baby I'm in love  
Can't hold me back  
Don't stop me now  
Baby I'm in love  
Can't hold me back  
No way no how  
Baby I'm in love  
Don't stop me now  
Can't hold me back

And when I'm with you baby  
I'm never gonna give it up  
Just me and you baby  
Our love is enough is enough

Baby don't dance  
Baby don't sing  
Baby don't have to do anything  
cause my baby got something that does it for me  
This is love that we got and I like it I like it  
Baby don't groove  
Baby don't swing  
Baby don't have to prove anything  
cause my baby so real it's the way I feel  
This is love and I like it

It makes my heart go boom bang boom boom  
It makes my heart go boom bang boom boom

Baby I'm in love  
And I'm feeling high  
And it feels so right  
Baby I'm in love can't hold me back  
Don't stop me now

And when I'm with you baby  
I'm never gonna give it up  
Just me and you baby  
Our love is enough is enough

Baby don't dance  
Baby don't sing  
Baby don't have to do anything  
cause my baby got something that does it for me  
This is love that we got and I like it I like it  
Baby don't groove  
Baby don't swing  
Baby don't have to prove anything  
cause my baby so real it's the way I feel  
This is love and I like it

It makes my heart go boom bang boom boom  
It makes my heart go boom bang boom boom

And when I'm with you baby  
I'm never gonna give it up  
Just me and you baby  
Our love is enough is enough

Baby don't dance  
Baby don't sing
